Preventing & Healing Prenatal and Birth Trauma in Children, Babies & Adults

We are not human beings having a spiritual experience,
rather we are spiritual beings having a human experience.

—Teilhard de Chardin

2017 Emerson Seminars

Emerson Seminars (ES) provides experiential and didactic workshops and trainings for professionals and non-professionals. Courses consist of safe, structured, and healing practices, developed by Dr. Emerson over the past thirty years, which provide for personal and spiritual transformation. Participants have the opportunity to identify, explore, and heal wounds emanating from the prenatal and perinatal periods, and in the process to realize and actualize the Higher Self, spirit, and soul. All workshops are taught by Dr. Emerson unless otherwise indicated.

The psychological currency of treatment is the relational field.

—William R. Emerson

Broken-Heartedness Before and After Birth: Spiritual and Psychological Healing

By the time we are 21 days old in utero, our human heart has begun to beat, but many are already broken-hearted by rejection, abortion attempt, toxic womb, twin loss, divine homesickness, and many other misfortunes. Broken-heartedness can last a lifetime unless treated spiritually and psychologically. In this workshop, Dr. Emerson will lead spiritual-based regressions called egressions and will also lead exercises to deepen bonding in triads, the basic healing structure of the group.

Course tuition: 870 euro (does not include meals and lodging)

Meals and lodging: 80 euro per day double room, secure with Margret

Please do not pay for the workshop on the Emerson web site.

Location: Hoflaigr, 49536 Lienen, Iburger Str. 64, Germany

Healing Relational Wounding A 3-Day Workshop with an Optional 4th Day

Most of us are wounded at a relational and a spiritual level. Healing occurs when old wounds are worked with regressively and in the here-and-now, and are integrated into existing relationships. During this workshop, participants will be guided in spiritual regressions (called egressions) and in navigating wounds from the most formative periods of development—the preconception, prenatal, and perinatal periods.

Three-Day Workshop: May 26-28

Tuition: \$525 (does not include lodging or meals). Inexpensive meals and lodging are available on site, check with Peggy Roberts.

Optional fourth day of Integrational Therapy: May 29

The fourth day is optional and unique. Participants experience Emerson's therapeutic-integration process, oriented towards transforming relational trauma patterns into healthy and rewarding connections.

Tuition: \$150

A registration form is required. Payment is due no later than 2 weeks prior to beginning of workshop (payable by PayPal on www.emersonbirthrx.com or by check or credit card).

June 25-30: Karuna Institute, England

Resolving Early Developmental Trauma with Spiritual and Psychological Approaches

In this five-day workshop, new (2017) participants receive basic experiential training in Spirit Pulsation and Soul Finding Level I, and 2016 (or prior) participants experience Level II. All are guided through egressions (spiritual regressions) to discover and resolve wounds from the most formative periods of development—from preconception through birth. When these egressive experiences are coordinated with spirit pulsation and soul finding, synchronicity and transformation tend to work spontaneously to bring about needed life changes and adaptations.

July 27-30: Sao Paulo, Brazil

Trauma Impacts and Heart-Centered Healing

They will also learn Emerson Spirit Pulsation Process©, so that inner journeys will provide for psychological as well as spiritual healing.

September 5-10: Lienen, Germany

Healing Early Trauma and Shock— Deepening Intimacy in Relationship

We are designed to be relational with Spirit and with other human beings. But above all, it is most important that we recognize and claim our spirituality. As Teilhard de Chardin said, "We are not human beings having a spiritual experience; we are spiritual beings having a human experience."

In this workshop, Dr. Emerson guides participants into spiritual states of consciousness, whereby shock can be transformed to vapor like fire transforms wood to smoke and ash. Dr. Emerson leads participants in spiritual-based regressions called egressions, and also trains participants in Spirit Pulsation Process©, Relational Shock Clearing©, and Self Regulation.

Course tuition: 870 euro (does not include meals and lodging)

Meals and lodging: 80 euro per day double room, secure with Margret.
